

Larks Justin

Grandson to Rugged Lark

Larks Justin's pedigree definitely draws attention. He is a grandson to Rugged Lark, who is well known for his versatility and athleticism. Justin's sire, Majestic Justice, is an AQHA Champion Sire, ROM Performance Sire and known for passing along a wonderful temperament. Justin's offspring also have his friendly 'I can sleep at the foot of your bed' attitude combined with his athletic stature.

Western to English

Larks Justin can truly do it all. He was started in reining and as a working cow horse in 2003 and has been winning accolades ever since. In 2005 his owner, Bev Funk, turned him toward the English disciplines, where he has excelled in hunters, jumpers, dressage, eventing and show jumping.

His heart, drive and willingness to always try what is asked of him have made him the only quarter horse stallion eventing in the United States. He has qualified for a CCI*, earning ribbons consistently at the Preliminary Level and is currently Grade 3 with the USEA. His big stride and correct movement never fail to get attention from the dressage judges, who frequently ask "what is he?" "We very proudly represent the AQHA in the sport of eventing," his rider, Cherie Gaebel said.

Gaebel continues, "I have decided that I must have done something very special in a past life to deserve the ride on this horse!"
